**Dr. Peter J. Grant** was a skeptical agnostic in business in the UK until someone shared the Gospel with him. Time at Moody Bible Institute and Willow Creek Community Church, as well as growing an evangelistically dynamic church in Atlanta, GA deepened his passion for evangelism. To combine his passion for teaching and evangelism he founded PreVision Partnership – a ministry dedicated to “Glorifying God by Teaching the Church to Reach the World”.

Through extensive research among the fishermen of Galilee, including time on a working fishing boat, Peter has gained deep insights to the “fishers of men” teachings of the Bible. The insights he gained have reinforced what he believes – evangelism may be challenging but done properly it can be rewarding! This seminar will give you a deep and inspiring understanding of evangelism based on Biblical principles drawn from the miraculous catches of fish in Luke 5, John 21, and other “fishers of men” incidents.
